The **lecture programs** run for three hours (+ a 30 minute optional Q&A session) presented exclusively by experienced teachers who have years of experience assessing final examinations. The **course revision programs** will provide a comprehensive summary of the entire Unit 3 and 4 courses, helping to ensure that students possess the required knowledge for the examination. The **exam preparation programs** are designed to show students how to apply their knowledge of the course in the examination. This will include emphasis on the common errors to avoid, tips and tricks for students to employ and strategies to write concise responses. All participants are provided with extensive notes.

The **workshops** are unlike other programs offered elsewhere. Participants will be directed through a series of activities designed to enhance examination performance. This includes analysis of sample responses, exercises to unpack the most difficult parts of the course, and strategies to incorporate relevant and contemporary information into examination responses. The overriding emphasis in each workshop is to guide students (hands-on) through a process that helps them to apply their knowledge in the examination. Students are provided with extensive opportunities to quiz experienced examination assessors and all participants are provided with lunch and refreshments.

The lecture programs are held at **Victoria University** (City Campus) and workshops at the **University of Melbourne**, with precise locations to be sent upon booking.

[Seating is limited so book early to avoid disappointment!]

'Brilliant lectures, really good summary of Unit 3 problem areas and exam notes. Would definitely recommend.'

Annelise, McGuire College

"A brilliant workshop with detailed and valid advice. Undeniably top value and an efficient use of time. I feel a lot more at ease for my examination now. Highly recommend the day."

H. Kulatunge, Brentwood Secondary College
